

CAREER TRAINING CONCEPTS, INC.

Career Direction \$1,500 Educational Fund Cash Award Contest

Last year in South Carolina we had over 16,000 students participate in the Career Direction Interest Inventory and only had a few number of students write an essay to qualify for a \$1000.00 check. Sad but true!! Several million dollars in scholarship funds go unclaimed each year throughout the U.S. because no one applies for them.

This year we have upped the prize to \$1500.00!!

Do you have a student who could use an extra \$1500.00? If so, we can coordinate to build your curriculum to include the Career Direction Workshop for every upcoming Junior and Senior. Let's get started today!!

One high school junior or senior in South Carolina will be awarded \$1,500 at the end of the school year. The cash award is intended to aid in the pursuit of post-high school education or training. The check is written directly to the student and awarded to them by the local career counselor assigned to your school.

Winners will be judged and selected by a panel from Career Training Concepts, Inc.

To be eligible, the student must:

1. Be scheduled to graduate from high school in 2008 or 2009.
2. Participate in a Career Direction workshop
3. Properly complete the Student Application form
4. Submit (by email or by mail) a two-page printed essay, (Arial 11, 1.5 spaced) entitled: **How the Army National Guard Serves My Country, My State, and My Community**

The deadline for application is April 11, 2008.

Let's not wait until the last minute, contact me today to include the Career Direction Interest Inventory in your curriculum.

Sincerely,

Rochelle S Tindal
